The rental must be paid upon delivery of the vehicle, with the payment methods accepted by us (credit cards, vouchers full credit, prepaid vouchers + credit card). In the absence of even one of the general requirements for the rental, the LESSOR can not give way to rental, without giving the RENTER the right to any claim, including by way make payment, indemnity or compensation. (Even in case of pre-paid vouchers). In the case of bookings made through Brokers, the Lessor has the right to take action against the Renter if the Tour Operator, within 30 days from the closing date of the contract, does not correspond to the Lessor the amount due. The RENTER is not allowed to submit his own insurance to cover any damage or theft of the rented vehicle instead of the one proposed by the Lessor.

1. TAKEOVER AND DELIVERY Upon signing the CONTRACT, the RENTER is required to pay by credit card, a security deposit, the amount of which is indicated in the rental contract and subject to reading by the RENTER before signing. The sum will be returned to the RENTER if, to the extinction of the contractual relationship, the vehicle will be delivered whole and complete in all its parts and accessories. The LESSOR is authorized to charge definitively a sum to the credit card of the RENTER, with the size of the injury suffered, for any damage to the vehicle, its part or accessories, accidents with or without collision with other vehicles, as well as, the assumption of theft or fire both total and partial. The above charges can not exceed the maximum values (penalties) indicated in the individual rental contract, referred to the assumption of damage to the vehicle (penalties CDW) and theft and / or fire (penalties TP) in accordance with the individual rental contract submitted to the RENTER at the beginning of the rent. The possible deposit held by the Lessor on customer's credit card will be, therefore, released after having established that there are no further extra costs to be charged (damages, missing fuel, refueling tax, extra days, immobilisation fees, fines, administrative fees) after the drop off. The period for the re-credit of the amount is about 20 working days and it doesn't depend on the Lessor but from the Credit Card Services.

1.1. VEHICLE DELIVERY BY THE LESSOR The LESSOR releases the vehicle to the RENTER in good conditions, complete with all the equipment on board, including the documents of both law and use (triangle for emergency stop, tools, high visibility vest, spare tyre or wheel or inflation kit, the certificate and the insurance coupon, the green card insurance, and all other accessories shown in the model CHECK / OUT-IN, vehicle document that is available in certified photocopy inside the vehicle, under the current provisions of law). The vehicle booked and provided must not correspond mandatorily to a specific car (brand-model-colour-equipment) but to a group of vehicles with similar technical and size characteristics. Vehicle conditions will be shown in the CONTRACT under "Delivery vehicle" or Annex model "Check-out / in.". The RENTER shall verify its conformity, when he rents the vehicle, and he must deliver it in the same conditions. Before the rental starts the RENTER must prove and advise our employees about the existence of any damages found and he must ask for the adding on the check-out form in order they cannot be chargeable to him at the drop off time. Insurance coverage (RCA) meets all legal requirements and provides any guarantee to the LESSOR, the RENTER and each authorized driver, against legal claims by third parties due to death, personal injury or damage to property of others from the use of the vehicle. The RENTER undertakes to pay back the LESSOR for the amount that the latter will be required to pay to insurance companies (passive deductible), in case of death, personal injury or property damage and / or damage caused by the use of the vehicle involving a violation, by the RENTER or by an authorized driver, of any term and condition of this CONTRACT, or if the RENTER is wrong, in any case.

VEHICLE REDELIVERY BY THE RENTER Upon the vehicle redelivery by the RENTER, the LESSOR will check it after the RENTER has handed back the car keys, unless the RENTER requests that the vehicle is controlled in his face. In such a case the RENTER will have to wait for the availability of our staff who will check the vehicle. If the RENTER, upon redelivery, does not wait for the check of the rented vehicle status in our staff face, he agrees this check will be carried out by our staff at a later time, even in his absence, accepting the results. Failure to sign the part of the CONTRACT called "VEHICLE REDELIVERY BY THE RENTER" or attachment model "CHECK OUT / IN" will be considered as an acceptance of the status check of the vehicle from our analysis. The vehicle must be redelivered to the LESSOR's office specified in the CONTRACT, during the working hours of the station concerned, and at our car parks or places indicated by our staff. If the RENTER redelivers the vehicle when the office is closed, the RENTER is liable to pay for the rental cost until the LESSOR's desk staff has collected the vehicle. Any damage found to the vehicle will be charged exclusively to the RENTER. If the vehicle is redelivered in another place from the one agreed, the RENTER will pay € 2.50 for KM, for the recovery of the vehicle by us, and the reference for determining the amount of the charge will be the spacing distance from the station of departure, or place where the same has rented the car, to the place in which it is located. If it is not possible to park the vehicle in the area dedicated to the LESSOR, the RENTER must still redeliver the car keys at our rental office or place indicated by our staff, as well as to provide accurate indications of the place where the vehicle is parked. The RENTER will be fully liable for the vehicle until our staff will take up possession of it. If the LESSOR agrees with the RENTER the possibility to redeliver the vehicle and / or the need for recovery of it in a different place from a LESSOR rental station, the RENTER will be liable for the vehicle until its recovery by the LESSOR. The RENTER agrees that the LESSOR is entitled to charge a reasonable additional cost if, upon the redelivery, the vehicle requires more than the routine maintenance to restore normal conditions before the rent, for example an "Extra Wash" (€ 25) in case of excessive dirtiness. Each service or accessory required by the RENTER, as extra than rental and insurance coverage (only as an example but not limited to: snow chains, baby seat, second driver, delivery and recovery, Overtime), gives rise to an extra charge depending on fees in force. In case of advanced drop off of the car compared to the one established by the rental agreement (for reasons which do not depend on the Lessor) no refund is due for the unused days and services. If the customer renounces for personal reasons to the rental requested, while subscribing the rental agreement, no refund will be due for the amounts already paid.
